

GBCZ / GBOC (PN-EN 10230-1) Common polished nails

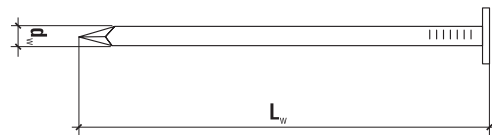

Description

- Application** Use for woodwork lap joints. Wide flush head with rough surface facilitates hammering and prevents the hammer from slipping. Shank diameter depends on shank length.
- Installation** Does not require prior drilling.
- Substrate** Chipboard, plywood, wood, sterling board, MDF board
- Material** Black finish or galvanized low-carbon steel

Code	Code	$d_w \times L_w$ [mm]	Size in inches
