

GWCZ / GWOC (PN-EN 10230-1) Ring nails

Description

Application	Use for woodwork lap joints, mainly in carpentry. Reinforced flat head with rough surface prevents hammer from side slipping. Ringed shank gives extra grip..
Installation	Does not require prior drilling.
Substrate	Chipboard, plywood, wood, sterling board, MDF board
Material	Black finish or galvanized low-carbon steel

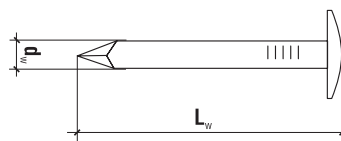

Code	Code	$d_w \times L_w$ [mm]	Size in inches	kg
